After January 25th we will shut down Doubleknot registration and anyone still needing to register must register at the door for the price of \$30 per person. If you are unable to register online or forget to register you may register at the door.

## **ACTIVITY BOOTHS**

Boy Scout Troops are encouraged to create and man an activity booth for this event. We also look to the community for activity booths and are always eager to make new partnerships for lock-in. The more activities we have for the boys the more memorable the overall experience will be. If you have a business or know of one that would be a fun addition to Lock-In please contact Leta Howell at letahowell@gmail.com.

#### **SOUVENIR SHIRTS**

All participants will recieve a Souvenir Shirt as part of the registration process. Shirts ordered prior to January 25, 2013 will be ready for pickup at the event. Shirts ordered after that date as well as shirts ordered that night are subject to availability and are processed on a first come-first served basis.

All Cub Scouts are encouraged to participate in our T-Shirt Competition. Two boys will be selected as winners and will have their drawings rendored on to the front and back of the souvenir shirts. Winners will be announced during the Opening Ceremony.

# **CANNED FOOD DONATIONS**

Any Cub Scout that brings at least 3 non perishable food items will be given a special wristband that entitles them to an extra one time through activities that are normally limited to one time through. Those activities are BB Ranges and Archery.

# **MEDICAL FORMS**

BSA medical forms must be filled out. Only parts A & B. Each individual attending, both adult and youth must bring these forms with you. However, you will not turn these forms in. Just have them on hand in case there is a medical emergency. If you're unconscious, we can't ask you questions.

#### **TOUR PERMITS**

Out of Council units are REQUIRED to fill out a tour permit and submit it to your council office. Please turn in copies of those permits to registration upon entry to Lock-In.

Calapooia units - while this event is under 50 miles for all of our units here, it is not requireed. However, it becomes invaluable to have in case there is an accident, or if one of your Scouts files a claim for the supplemental accident insurance. Soemtimes, the first question the company will ask is "can you send us a copy of the tour permit?" That permit proves it was a legitamate Scouting activity. Why take the chance? Just turn one in anyway.

#### **HOW WILL CHECK IN WORK?**

Doors open at 6pm and the Opening Ceremony will start at 6:30pm. We will NOT open the doors prior to 6pm.

When folks enter the facility, they will be filtered through two lines.

- 1 For those who have pre-registered and paid
- 2 For those who have not pre-registered, or for those who still owe money, or those with a registration problem.

We will be able to take cash, cards and checks at the event.

All attendees must be either a registered Cub Scout or registered adult leader. Names will be checked against our database and anyone not registered will be required to fill out an application prior to entry. NO EXCEPTIONS. The application fees can be made then or later.

Packs can pay with one big check or each family can pay individually.

Once you enter the Opening Ceremony area please head towards your Pack box labeled with your Pack number on it. Place all of your sleeping gear and backpacks into that box. One designated adult needs to go to the table setup in that room to grab the envelope with all your Pack's wristbands and brochures. If you do not find a wristband for someone please send them to registration so we can help them. Once all wristbands have been disbursed the empty envelope needs to be brought back up to registration.

Once gear is placed in the pack box it will be unable to be accessed until after closing ceremony. Do not place medicine that you may need during the activity portion of the evening into the pack boxes. If you bring your own food please label clearly and hand directly to staff in the food court so that we may store for you.

#### **VETERANS PATCH**

NEW THIS YEAR! We have purchased a limited supply of "Veterans" patches for Lock-In. These patches represent the 5 themes of lock in and are available for purchase to boys who have attended all five years of lock in themes. This is a great way to encourage those older Webelos to come one more time and get that very special and limited edition patch. If this is successful this year, we will continue to purchase and offer these patches in future years.

# RANK REQUIREMENTS

NEW THIS YEAR! The Lock In Committee will be highlighting possible rank requirement opportunities for the Cub Scouts that attend our event. As we solicit activity booths we are trying to also think of rank requirements that Cub Scouts need to complete. In your program brochure will be a final listing of those opportunities throughout our event along with a checklist. As a Cub Scout completes those activities they can mark off in their book and then take that book back to their adult leadership in their specific pack to discuss getting credit. Booth workers are not allowed to sign off on those requirements and it is left up to the specific Cub Scout and their adult chaperone.

# **SCAVENGER HUNT**

Included in the program brochure that you will recieve with your registration packet will also be a scavenger hunt that boys may choose to participate in. This year its all about oceans. Boys are asked to locate the five

oceans throughout lock-in. Once they find a location, they should get it marked off by that booth worker. Once all oceans have been found head back to the Harbor (Registration) to recieve a prize.

# CAN WE SWITCH PARENTS HALF WAY THROUGH THE EVENT?

YES! A lot of parents will trade off - one for the activity period, then another comes and sleeps overnight. We just ask that you check in and out with registration.

### DO WE HAVE TO STAY OVERNIGHT?

NO! Some Packs will opt to attend through the Closing Ceremony and then will leave immediately following. The price will not change but you are more than welcome to head home at anytime. Note: If you put anything in the pack boxes at the beginning of the night, those will not be opened until after closing ceremony.

# WHAT TO BRING

Bring a backpack with things you will need to survive for one night inside. Pajamas must include top and bottom and must be appropriate wear for a room full of young men. Bring a sleeping bag and/or air mattress with blankets. If you are bringing an air mattress we have lots of plug ins available for you to use an electric air pump if you like. It tends to get cold on the concrete floor of the fairgrounds. Water bottles are allowed. Please keep an eye on water bottles and be careful not to spill. If spills occur, please take immediate action so we can prevent spills.

#### **RULES**
